CHAIRMAN'S REMARKS

I have prepared a summary of the Commission's actions for the year of 2014. In preparation for our Master Plan review I met with Nathan Fazer from Regional Planning.

OPEN PUBLIC HEARING 6:45 PM

There were no written or oral comments either for or against the proposed changes to Ordinance #1.109.

OLD BUSINESS

The budget worksheet was reviewed. The general consensus was that more funding may be needed for publishing the updated Master Plan, but that a future adjustment could be made to accommodate this possible need.

NEW BUSINESS

Beginning the Master Plan review process, the following items need to be examined:

- Capital Improvement Plan
- Goals and objectives
- Future land use
- Census information

Chairman Brood distributed Check List #1H: The Five-Year Plan Review (prepared by MSU Extension Land Use) for members to utilize throughout the review process. Census information from the American Community Survey website was compared to information in the 2009 Plan. There was considerable discussion of how much detail should be put into the plan. Judy will

attempt to locate a copy of the prior Master Plan and any other townships' plans that might help the members. Pages 9-12 of the Check List contain information about what needs to be included in the Master Plan. Members will be reviewing these pages to discuss in greater detail at the February meeting.

Commissioner Hampton arrived at 7:00 PM.

PUBLIC HEARING CLOSED 7:00 PM

Two items, highlighted in blue, were determined to be unnecessary and will be deleted. MEMBERS ABSENT:

Also present, Supervisor Moore, Tom Sibbald, Herman Calkins, Tim McLean, and Judy Wright.

CALL TO ORDER:

Chairman Brood called the meeting to order at 6:05 PM

#1 MOVED: by Kathy Noel, second by Barbara Hampton, to approve the agenda as presented. Motion carried.

#2 MOVED: by Kathy Noel, second by John Kane to approve the minutes of the August 10, 2015, meeting. Motion carried.

CHAIRMAN'S REMARKS:

- Thanks for adjusting your schedules to accommodate the earlier meeting time tonight.

OLD BUSINESS:

Master Plan – The Rec Plan has been adopted by the Board. The Wellhead Protection Plan requires no updating. The Commission needs to follow up with the Regional Planning about anything that might affect the plan. Since road improvements are initiated at the Township level there is no need to contact the County Road Commission about their five year plan. The Township Supervisor will be contacted for input. Descriptions on the former “Future Land Use” maps need to be aligned with the Zoning Ordinance.

Downtown Development Authority – Trustee Noel reported that as a municipality, the Township can now apply for the same grants that were formerly only available to DDA's. These grants are of particular interest for improvements along M-80. More information will be available at a future meeting.

NEW BUSINESS:

Used Vehicle Dealer License – Tom Sibbald, of Sibbald's Sales & Service, Inc., informed the Commission that he wanted to reinstate his used vehicle dealer's license to obtain vehicles for customers on an as requested basis. As there has been no change in the zoning on his property, the Commission saw no reason not to approve his request.

Substation Relocation – Tim McLean, of Cloverland Electric, asked if they would be able to build a new substation at property they are trying to purchase that is located east of the railroad tracks and north of the Township’s Carpenter Shop. In checking the zoning, the Commission found the area to be zoned Industrial. In this zone, utility facilities are a permitted use.

Clean-up of Burned Building – Zoning Administrator, Herman Calkins, told the Commission that he had spoken with the owners of the Jack Pine Bar about their plans for cleaning up the burned down structure. They could not offer any projected time for clean-up as they have not resolved their claim with their insurance company. The Dangerous Building Ordinance (#1.22) may provide an avenue for resolution. Mr. Calkins will pursue this option.

PUBLIC COMMENT:

Commissioner Hampton will have the FEMA flood plan map at the next meeting. A Blight Ordinance may need to be one of the projects for the upcoming year. A way to enforce the no vehicles regulations at Duke Lake is needed.

ADJOURNMENT:

There being no further business the meeting was adjourned at 7:00 PM.

#2 MOVED: by Kathy Noel, second by Barbara Hampton to approve the minutes of the October 12, 2015, meeting. Motion carried.

CHAIRMAN'S REMARKS:

- I would like to hold the December meeting on Tuesday, December 8th, at 6:30 PM, due to other commitments if no one has any objections.

NEW BUSINESS:

FEMA Flood Plain – Commissioner Hampton provided members with copies of *Floodplain Management Guidebook for Local Officials and Others* and a listing of the communities participating in the national plan. In 2016 some residents may be required to carry flood insurance. If the Township does not participate in the national plan flood insurance will cost them considerably more money.

Budget Worksheet – The Commissioners would like to have \$200.00 moved from travel expenses to the zoning administrator's wages.

Garbage & Litter Control Ordinance (#1.110) – After some discussion it was decided to put off making any changes in the ordinance until after all the new receptacles are distributed. Input from the Township Board would be very helpful.
