NOTICE OF APPROVAL/DENIAL OF LAND DIVISION**

RE: Land division application for parcel #

Approved _____ Denied _____ (See reasons below)

In regards to your request for a land division under the Michigan Land Division Act, 1967 P.A. 288, as amended, the above mentioned action has been taken according to the requirements of such law and/or applicable ordinances, and based upon the representations contained in your application for divisions.

However, an approval of a division under the Act is not a determination that any or all parcels which result from the divisions comply with any other ordinances or regulations, including but not limited to applicable zoning ordinances. You should consult with the Township or with an attorney, planner, engineer, surveyor, or other professional to ascertain compliance with such matters. Approval of a division is also not a determination by the township that any of the representations made in your application are accurate.

A building permit may not be issued for any parcel of less than one acre in size until and unless the parcel has all of the following: (a) public water, or county health dept. Approval for the suitability of an on-site water supply under the same standards as set forth for lots under section 105(g) of the Act, and (b) public sewer, or county health dept. Approval for on-site sewage disposal under the same standards as set forth for lots under section 105(8) of the Act.

This division approval is not a determination that adequate facilities are available for public water and sewer, nor a determination that any parcels that results from the divisions will satisfy any applicable standards for on-site water supply or sewage disposal. The Township and it's officers and employees are not liable if a building permit is not issued for any parcel due to the inability of a parcel to be serviced by public water and sewer or the inability to obtain approval for on-site water and sewage disposal.

Sincerely,

Richard A. Oliver Twp. Assessor
